DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-7 are allowable because of the apparatus with a contact detection system adapted to distinguish contact between the cutter and the person from at least one other event generating a comparable amount of change in the at least one property based on the time during which the change occurs in combination with the remaining limitations set forth in the claims. None of the prior art cited discloses an apparatus that incorporates a contact detection system adapted to distinguish between human contact and the blade and another element and the blade base on time of change to stop the saw when human contact is detected and not when the other item contact is detected. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
